DELIVERING FRESH. ALWAYS.™

Build, Configure, and Bring Your Vision to Life

Our new **myDesignPro**, a **multi-platform 3D product configurator** that **visually demonstrates how equipment will look and line up**, brings peace of mind that you are ordering exactly what you need for service and self-service food displays.

myDesignPro

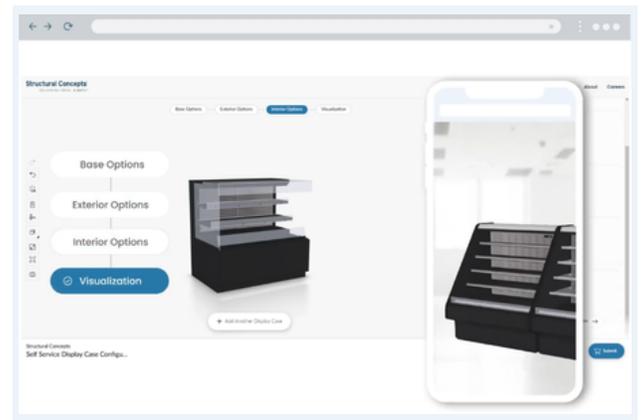

Structural Concepts®

Unlock the Benefits of myDesignPro

Picking the right temperature-controlled fresh food merchandiser for a foodservice operation can be an arduous task.

Factors like dimensions and related merchandising capacity, the types of foods that will be displayed, where the merchandiser will be positioned and how it will seamlessly fit into the décor are important to consider prior to purchasing a food display case. That's why Structural Concepts created the myDesignPro 3D product configurator.

Configure

Visually add features, adjust options, choose finishes, and see exactly how your case will look in a real lineup.

Generate

Create flawless 3D models you can spin, flip, customize, and zoom without pixelation.

Position

Instantly preview your merchandiser in your space with augmented reality

Deliver

See your results fast and export them as PDF, Revit or AutoCAD.
